Education

B.Tech : Computer science and Engineering 2021-25
Jabalpur Engineering College (JEC) : CGPA - 7.46
Senior Secondary : 2021
Shri Guru Tegh Bahadur Academy Ratlam(MP) : Percentage - 96

Skill Summary

Languages: C, C++

Web Technologies: HTML, CSS, JavaScript, ReactJS, Tailwind CSS, PostgreSQL.

Soft Skills: Communication, Presentation, Time Management, Leadership, Critical Thinking, Problem-Solving

Field of Interest: Writing, Sports, Novels, History.

Projects

AI-Kids-Story-Builder(Kidly Tales)

[GitHub](#)

- **Innovative Storytelling:** Pioneered a platform that empowers users to create personalized stories with interactive elements, leveraging Gemini AI for dynamic content generation.
- **Engaging User Experience:** Designed an immersive storytelling platform with captivating animations and intuitive features, allowing users to generate personalized stories using a unique credits-based system.
- **Ensured data security** with Clerk Authentication, while efficiently managing user responses and AI feedback through Drizzle ORM, optimizing scalability and performance.
- **Tech stack:** React.js, JavaScript, Redux, NextUI, Clerk Authentication, Node.js, Tailwind CSS, Drizzle ORM, PostgreSQL, and Gemini AI.

Banker's Dude

[GitHub](#)

- Created a banking transaction **deadlock prevention system**.
- Developed a capability to **detect potential deadlocks** in a list of transactions
- Added functionality to **propose a safe transaction sequence** when feasible.
- **Tech stack:** C++, file systems, Object-Oriented Programming (OOPS).

Mock Interview with AI (MIWA)

[GitHub](#)

- **Designed an intuitive user experience** with a clear landing page, secure login, and a user-friendly dashboard. Users can easily start new interviews or review past sessions for continuous improvement.
- **Integrated cutting-edge features** like voice-to-text functionality and AI-powered feedback. This allows users to record answers and receive actionable insights from Gemini AI.
- **Tech stack:** React.js, JavaScript, Node.js, Redux, Tailwind CSS, Clerk Authentication, Drizzle ORM, and PostgreSQL.

Experience

Hacktoberfest: open source contribution

Oct 2022

- Participated in Hacktoberfest by contributing to 5 **Open-source projects**, using GitHub's web interface, and making over 17 GitHub commits.

Core member in Marketing team: E-Cell, JEC

- Drove initiatives and event's promotion, fostering **entrepreneurial interest**.

Technex Hackathon: SVP CET Nagpur

Feb 2023

- **Developed a fintech website from scratch** during the Technex hackathon, showcasing quick problem-solving and development skills.

Certification

Goldman Sachs Engineering Virtual Program : Goldman Sachs

Interned at Goldman Sachs Engineering Virtual Program, gaining hands-on experience in ethical hacking and cybersecurity, identifying vulnerabilities and contributing to proactive security efforts.
